

FIRST ENERGY PRESENTATION

On April 22, 2019, representatives from First Energy presented an update on pertinent:

- Storm Restoration Processes in a storm or other outage,
- Forestry Issues, and
- Circuit Improvements

to Bainbridge Township Trustees, Department Heads, and those in attendance at the Trustee regular meeting.

Representatives provided updated telephone numbers, websites and links during this informative presentation. The overview of this power point presentation can be found in this attachment, and will be permanently posted on our township Resources Page as well.

We urge residents to review this information, and in particular note the *Mobile Tools for Outage Situations*.
