OLD BUSINESS

Columbariums

The board held a special work session for the purpose of reviewing columbariums. The board discussed materials, size, height, design, location, niche sizes, urn sizes and types, pricing, the engraving style on the panels and the demand for columbariums. The board also discussed installing a columbarium with double and single niches as an option and was in agreement that the columbariums should be freestanding and built in phases. The board members will research designs, materials and costs.

Since there was no further business before the board, the meeting was adjourned at 5:20 P.M.

Respectfully submitted,

Linda L. Zimmerman  
Secretary to Cemetery Board
