

The Bainbridge Township Board of Trustees met in special session at the Bainbridge Town Hall on September 19, 2006 to meet with Geauga Soil and Water representative Carmella Shale, Chagrin River Watershed Partners Director Kyle Dreyfuss-Wells, Highway Superintendent Alan Halko and residents from Cedar and South Streets to discuss flooding problems and to consider any other necessary business. Those present were trustees Mr. Christopher Horn, Mr. Jeffrey S. Markley and Ms. Linda W. White and Fiscal Officer Susan R. Angelino. Mr. Horn presided and called the meeting to order at 7:30 P.M.

NEW BUSINESS

CEDAR/SOUTH STREET FLOODING ISSUES

The trustees discussed background study done by Cleveland State students as to issues and recommended solutions to flooding problems.

Ms. Dreyfuss-Wells and Ms. Shale discussed the Ohio Emergency Management Agencies Hazard Mitigation Grant Program which makes money available to communities declared Federal Disaster areas. Geauga County qualifies because of the July, 2006 flooding that occurred. Property owners must have had structural damage attributed to flooding.

Residents in attendance were asked to chronicle their flooding events over the past years.

The trustees were in general agreement to go forward with the pre-application process for this grant.

Since there was no further business to come before this meeting of the Bainbridge Township Board of Trustees, the meeting was adjourned at 8:40 P.M.
