June 2, 2026

Dear Resident,

I am writing to inform you that Bainbridge Township will soon begin an asphalt resurfacing project in your neighborhood. The project is scheduled to commence on or about June 15, 2026, and is expected to last approximately 35 days. Initial activities will include project signage and equipment mobilization, with paving operations anticipated to begin on or about June 22. A total of eight roads are included in this project, and work will progress according to the contractor's schedule. As a result, the contractor may not be working on your street when the project begins. Construction activities may occur Monday through Saturday between the hours of 7:00 a.m. and 7:00 p.m. No work is scheduled for July 3 or July 4 in observance of the Independence Day holiday.

As part of the resurfacing process, driveway aprons will be adjusted to ensure a smooth transition between the new roadway surface and existing driveways. Asphalt driveways will receive a new asphalt overlay at the apron area. Concrete driveways will be saw-cut and a small section removed to create a clean butt joint with the new pavement. Gravel driveways will get 304 aggregates for transition adjustments.

Traffic will be maintained throughout the project, although motorists should expect occasional delays and brief roadway restrictions while work is underway. Emergency vehicles will be given priority access at all times.

Roadway signage and message boards will be provided as construction approaches. Residents are encouraged to visit the Township's website at www.bainbridgetwp.com for project updates and additional information. We also ask that residents notify the Service Department in advance of any special events, large deliveries, or other circumstances that may require reasonable accommodation during construction. If you have any questions or concerns that the information provided does not address, please do not hesitate to contact our office.

Thank you for your patience and cooperation as we work to improve the Township's roadway infrastructure.

Sincerely,

A handwritten signature in blue ink, appearing to read "Alex Hansel".
